

Kraftform Kompakt

Why is the right tool so often not at hand? The reason: too many tools and overly-heavy tool bags can make it bothersome to carry them onsite.

So for us it was a clear challenge: to design a tool that is suitable for a whole host of applications and can be easily taken along to jobs at other sites.

Our solution: Kraftform Kompakt tools. A handle into which blades with a range of different profiles can be inserted. Compactly and protectively housed in a light and robust textile pouch or plastic box.

The sets come with a Kraftform handle, quick-release chuck and bits for manual and power tool operations.

The handle/interchangeable blade system permits rapid exchange of the blades needed for a wide range of applications.

The tools can be stored and carried either in a solid plastic case or a robust pouch. In this way the tool is always to hand.
