¹⁾ Optimised for Asian PH screws

²⁾ Size 0 modified according to JCIS 0 (Japanese Camera Industrial Standard)

Tip

ESD-safe tools

The requirements for ESD-safe screwdrivers are specified in the European standard DIN EN 61340-5-1. This standard also includes a handle that has to be out of a defined conductive material. The Wera products in the ESD series satisfy these standards and the even more stringent requirements demanded by some technology companies.

For Halfmoon and HIOS Bits

The Kraftform Micro bitholder 1013 ESD features a combination bitholder for both bits with Halfmoon and bits with HIOS drive.
