	Hook and Loop Fastener Strip 30	1 x 30,0x200,0

Tip

How to avoid the need for two socket sets – one for manual and one for machine operations

The manual and machine sockets can be used both for hand and power tools use (non-impact). Users need just one socket set for all applications.

 Textile belt

The textile belt can be attached by means of the non-woven reverse side and the hook and loop strips e.g. to a wall, shelf, tool trolley and to the Wera 2go tool transport system.

 "Take it easy"

"Take it easy" tool finder system – with profile and size colour-coding for quick and easy tool selection. Colour-coded system for hexagon drive screws (L-Keys, Zyklop bit sockets), external hex drive screws and nuts (Joker wrenches, Zyklop sockets and Zyklop bit sockets with holding function), and TORX® drive screws (L-Keys, Zyklop bit sockets).
